ANBUSELVAN ANBALAGAN

Production Supervisor | Food, FMCG & Packaging Manufacturing

Dubai, UAE | +971-562521842 | anbudxb2025@gmail.com | Employment Visa | Notice Period: 30 Days

PROFESSIONAL SUMMARY

Production Supervisor with 8+ years of experience in food, FMCG and pharmaceutical manufacturing, including 6 years in biscuit production and packaging and current supervisory experience in chocolate manufacturing. Skilled in production planning, manpower allocation, hourly output monitoring, line efficiency (OEE), GMP, food safety and HSE compliance. Strong hands-on technical background in packaging machine troubleshooting, line setup, changeovers and preventive maintenance coordination. Proven record of increasing line capacity from approximately 24 to 28 tons per shift. Seeking a Production Supervisor role to deliver safe, high-quality and efficient production.

CORE SKILLS

Production Management: Production Planning, Production Scheduling, Daily Production Supervision, Manpower Planning, Work Allocation, Shift Handover, Output Monitoring, Target Achievement

Quality & Compliance: GMP / cGMP, Food Safety, Hygiene, SOP Compliance, Line Clearance, Batch & Production Documentation, Material Reconciliation, Deviation Reporting, CAPA

Efficiency & Improvement: OEE, Line Efficiency, Downtime Reduction, Root Cause Analysis, 5 Why, Continuous Improvement, Waste Reduction

Technical & Equipment: Packaging Machine Troubleshooting, Line Setup, Line Startup, Changeover, Preventive Maintenance Coordination, Commissioning Support, IQ / OQ / PQ, Bi-Fold, Flexi Printing and Thermoforming Machines

Leadership & Safety: Team Leadership, Team Coordination, Cross-Functional Communication, HSE, Workplace Safety, Problem Solving

PROFESSIONAL EXPERIENCE

Production Supervisor **Aug 2025 – Present**

Katrina Factory FZE | Chocolate / FMCG Manufacturing | Dubai, UAE

- Supervise daily production and packaging operations, allocating manpower to ensure safe, efficient and uninterrupted line performance.
- Monitor hourly output, line performance, downtime and productivity, and implement actions to maximize line efficiency.
- Lead production teams in compliance with approved SOPs, GMP, food safety and HSE requirements.
- Coordinate line setup, start up, changeovers, cleaning and pre-production verification before production and packing begin.
- Identify machine and process abnormalities, perform first-level troubleshooting and escalate technical faults and deviations to the relevant teams.
- Maintain accurate production records and complete shift documentation on time.
- Support continuous improvement initiatives across chocolate production and packaging operations, including mixing, processing and packing.

Mechanical Technician **Jan 2025 – May 2025**

Ansell Sterile Solutions Pvt Ltd | Pharmaceutical / Sterile Manufacturing | Erode, India

- Provided technical support for pharmaceutical packaging equipment and production machinery in a controlled GMP environment.
- Troubleshot Bi-Fold packaging machines, flexi printing machines and thermoforming packaging machines, restoring equipment to reliable operation.
- Supported machine commissioning and qualification activities (IQ, OQ and PQ).
- Diagnosed mechanical and operational faults and supported corrective actions.
- Coordinated with production and technical teams during equipment setup, maintenance and qualification, maintaining SOP, hygiene, safety and documentation standards.

Production – Biscuit Manufacturing **Aug 2018 – Jun 2024**

ITC ICML Ltd | Viralimalai, Tamil Nadu, India

- Gained approximately 6 years of biscuit manufacturing experience across production, process operation, mixing, raw material handling and packaging.
- Supported packaging operations and machine troubleshooting while maintaining production, quality and food safety requirements.
- Worked with production teams to achieve output targets and improve line performance.

KEY ACHIEVEMENTS

- Increased production line capacity from approximately 24 to 28 tons per shift (about 17%) through process and line efficiency improvements.
- Supported three chocolate varieties from trial stage through to commercial production.
- Provided hands-on troubleshooting support on kitchen, Conbar and Krokant lines while maintaining food safety standards.
- Combined pharmaceutical technical support with FMCG production supervision, bringing cross-industry compliance and troubleshooting expertise.
